

NEW LANEWAY NAMES

In late 2015 we invited you, our community, to help name unnamed laneways in the Mount Lawley/Highgate Town Centre.

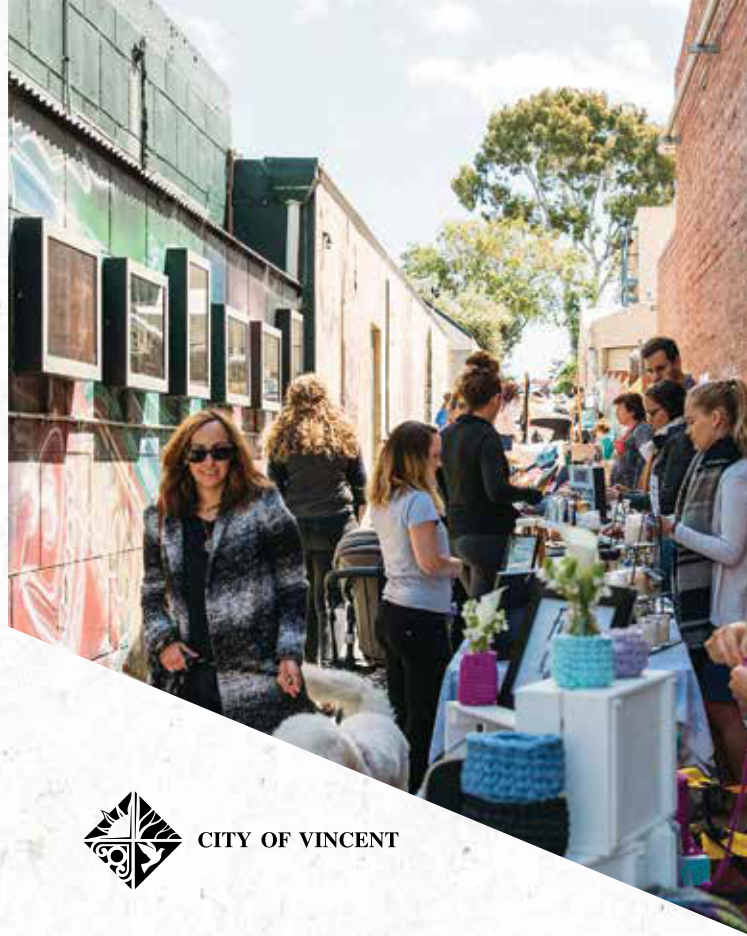

From this call out you gave us 251 name suggestions. We undertook a comprehensive vetting process in consultation with the Department of Aboriginal Affairs, the Whadjuk Working Party and Landgate and 45 of the proposed names met Landgate's criteria for naming.

These names were then further shortlisted based on the relevance of the name to the proposed laneway location and the accompanying information provided as part of the naming submission.

At the 5 February Ordinary Meeting of Council, Council endorsed 9 laneway naming recommendations which have now been approved by Landgate.

The 9 approved names are shown on the map overleaf and you can view the complete list of naming submissions received and our vetting process at imagine.vincent.wa.gov.au

We are pleased to confirm that the new street signs will be installed later this month.
